All Believing, All Achieving

Dear Parents/Carers

1st May 2020 – Week 31

'So you, by the help of your God, return, hold fast to love and justice, and wait continually for your God' Hosea 12:6

SCHOOL IS CLOSED UNTIL FURTHER NOTICE.

Dear Parents/Carers

Thank you for your support and patience during this very difficult time for all of us - we cannot wait until we can start operating fully again but await the government and local government response to this.

Technology:

Please, please get up to speed with technology where you can - contacting you through email rather than face to face is so important right now and it could become the new norm for the future! Look at our website and emails and Dojos for updates.

We know how hard you are working at home to engage your children in a balance of home learning, play and rest - we thank you for all you are doing for each other during this very difficult time. There are enough websites and activities to get through each day but please phone school during 9am and 3pm if you need support.

Thank you for your patience with the government voucher scheme - it has been a great challenge for many schools in Croydon to even log on and get through to speak to anyone, our staff have waited in long queues each day to try and speed up this process. It has been very frustration as some of you may know. However, the vouchers should be operating now - again please phone or email the school if you have any queries or you need assistance.

Most importantly we pray for our families every day and wish you all good health and safety always.

Take care and stay safe.

Family Lives

We are delighted to let you know that 'Family Lives' services remains open in some form to support families through the difficulties you may face.

This is a charity that focuses on providing preventative conversations and support to help families manage tension in the home, whether it be aggression from a teenager or tensions with a partner. If things become unsafe, then we are also able to advise what the best course of action may be to ensure that people are safe.

They provide a free helpline if you need someone to talk to, we are here to listen with our trained and skilled workforce. Call them on **0808 800 2222**.

They also recognise that sometimes it's hard to speak on the phone in a crowded space or where it may not be safe to call, you can email askus@familylives.org.uk or visit our website and forums at www.familylives.org.uk.
