Sports Premium Funding

What is the Sports Premium?

The Government is providing funding of £150 million per annum for academic years 2014 – 2025 to improve provision of physical education (PE) and sport in primary schools. This funding is allocated to primary school Headteachers.

The sport funding can only be spent on sport and PE provision in schools. OFSTED will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase.

Up to March 2017, all schools received a lump sum of £8,000 plus a premium of £5 per pupil. From April 2017 all schools will receive a lump sum of up to £16,000 plus a premium of £10 per pupil. Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding include:

- hiring specialist PE teachers/qualified sports coaches to work alongside primary teachers when teaching PE
- new or additional Change4Life sport clubs
- paying for professional development opportunities in PE/sport
- providing cover to release primary teachers for professional development in PE/sport
- running sport competitions, or increasing participation in school games
- buying quality assured professional development modules or materials for PE/sport
- providing places for pupils in after school sport clubs and holiday clubs

Our Vision

At All Saints' Primary School we aim to establish a sporting culture that enables and encourages all children to play and enjoy sport. We have established a number of after-school clubs for our pupils offering a wide variety of sporting opportunities for our children. We enter numerous school sport competitions to allow children to be competitive and are constantly developing our PE programme.

We aim to:

1. Improve the quality of the school P.E. programme by:

- Auditing staff to highlight development areas
- Delivering P.E. focused staff training
- Employment of sports coach to teach pupils and mentor staff
- Investigate and explore good practice from other schools to further improve our P.E. curriculum

2. Establish an extra-curricular multi-sport club to develop children's skills and involvement in sport
3. Provide additional training and coaching for children in school teams to develop their skills as part of our gifted and talented offer
4. Enter teams into a wide range of school sport competitions
5. Create inter-school sport competitions to provide further competitive opportunities for children
6. To ensure children are confident or able swimmers by the time they leave All Saints' Primary School

How will All Saints' Primary School be spending the Sports funding and who will benefit?

At All Saints' School we believe in a holistic approach to the development of sport and physical activity for all. We encourage collaboration and partnership to make the best use of resources and enhance PE and sport provision in order to raise participation and achievement for all pupils.

The Governors agree that the money must be used so that:

- all children benefit regardless of sporting ability
- that the most able children are given the opportunity to compete in advanced tournaments
- that staff have access to training opportunities and continued professional development

The Sports funding will be used to:

- Invest in the development of staff so they are best equipped to teach high quality PE and school sport
- Increasing the amount of competitive sports in which our children participate
- Engaging high level SEND pupils in inter-school SEND events
- Subsidise off-site swimming lessons to KS2 children. More able swimmers have access to after-school swimming events (Parental choice)
- Extend after-school sports activities. We offer a range of school clubs, accessed by children from Key Stages one and two. We have introduced additional clubs including Multi-Sports, gymnastics and Dance club.
- Provide more opportunities for children to compete. We feel it is important that children have the chance to represent their school and take part in competitive sport against other schools, especially in specialist competitions
- Increasing playground activity at break times by introducing more multi skills games into break and lunchtime
- Making links to other community sports providers – encouraging pupils to join out of school sports clubs
- Encouraging our children to improve their leadership skills through sport.
- Inviting Athletes into school to inspire our children
- Developing the outdoor and adventurous activities element of the PE curriculum, using the school's own grounds and facilities
- Purchasing equipment to offer access to new sports and physical activities as relevant
