Year 6 Computing

Pupils designed and created their own adverts. They planned their ideas using storyboards before filming, applying a range of camera shots and media techniques to engage their audience while developing their digital and creative skills.

Hygiene Workshop for Reception

This week, Reception enjoyed listening to and engaging with a very insightful hygiene workshop. The children discussed what causes germs and how through handwashing can help combat germs that can make us feel unwell. Children also completed different handwashing challenges.

World Cup History

Year 6 have spent some time learning about the history of the World Cup, exploring key facts and memorable moments from the tournament.

They also enjoyed designing their own football kits inspired by different teams and creating unique names.

It was great fun, and the children have shown lots of creativity throughout the project.

Which team will you and your family be supporting?

RE in Year 5

This week in RE, Year 5 learnt that a Buddhist 'mandala' is a symmetrical circular design that represents the universe. Monks would spend days creating them, only to destroy them to symbolise their acceptance of loss, change and impermanence. Year 5 created their own mandala in Forest School. Check out our Instagram next week for the full experience!
